# *From The Sale Manager*

Dear Fellow Breeders:

I would like to welcome you to the Glenndale Partial Dispersion on June 5. This portion of the herd is being offered for sale only because the Monroe City farm has been sold.

You will have the opportunity to acquire the service and get of the winningest and most talked about bulls the breed has ever produced. The first calves by Great White Hope x are extremely good and have marked "The Hope x" as a definite breed improver.

Dr. and Mrs. Miller have been important contributors to the development and promotion of Shorthorn and Polled Shorthorn cattle during the past forty years. Mrs. Miller has been named Builder of the Breed and Lassie of the Year by The Shorthorn World. At the Denver National Western in 1975, Dr. and Mrs. Miller were awarded the Hart Farm Trophy for their honesty, integrity, and endless devotion to the Shorthorn breed.

Since this event will be held in historic Mark Twain land, it would be an ideal opportunity to coincide your vacation with the sale. Come early; view the cattle; enjoy the sights; and make a full weekend out of your stay in Hannibal. Remember that Dr. and Mrs. Miller are having an old-time Shorthorn Party the night before the sale just like the breed enjoyed twenty years ago.

If I may be of any further assistance, please don't hesitate to get in touch with me.

Sincerely,

Stuart Wilson

## A LETTER FROM GLENNDALE

Dear Friends:

We are very reluctant about selling this herd of cattle. We have sold the farm of 575 acres where these cattle were, and our other farm cannot maintain two herds.

We have been in the Shorthorn business since 1937 and these cow families are the first we assembled. Most all of the cattle were born on this farm. The herd has been heavily culled, and we are proud of every animal we are offering in the sale. Everyone who is acquainted with us knows that we are intensely interested in Shorthorn and Polled Shorthorn cattle, and we intend to keep that interest and continue our breeding program on the other farm. Our cattle have been handled in a practical manner with the cow herd being maintained on pasture and hay. Each cow had to breed and raise a calf or she was sent to market.

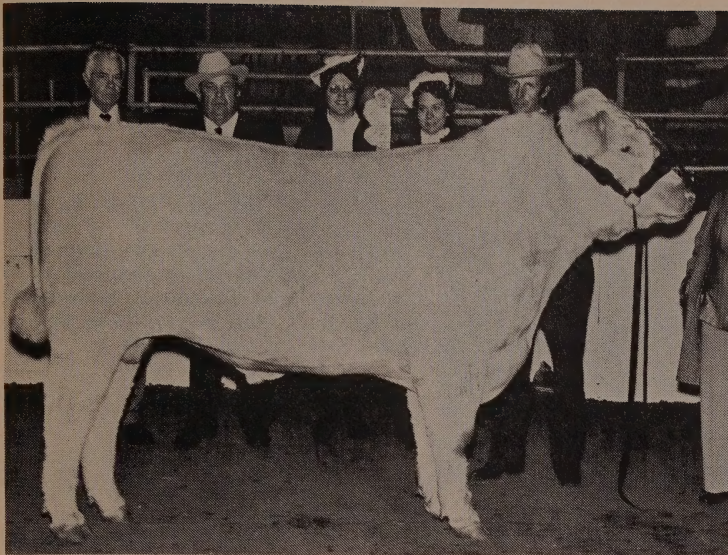

The herd sires that we have purchased have been those we thought would best improve our herd. We also have used several bulls of our own breeding. The three herd sires in this sale have done an outstanding job for us. Look at the calves with these cows and the heifers in the sale. That will prove what these bulls can do.

You are cordially invited to our sale and we are sure that you know the cattle will be honestly presented. They will be in their working clothes, and we are sure they will speak for themselves and will do well for you.

Sincerely,

Doctor and Ruth Miller

P.S. — Don't forget the old time Shorthorn party at the Glenndale Farm at Rensselaer, Friday night, June 4. Why not spend the weekend in Mark Twain land and visit historic Hannibal?

Great White Hope x, the 1976 National Western Grand Champion Bull. His service and get are sale features! He has the genetic potential to be one of the breed's greatest sires! His show record is unmatched. Hope x has been named Grand Champion Bull by many knowledgeable cattlemen in the Beef Cattle Industry.

**GREAT WHITE HOPE x** — No animal meets unanimous approval, but the majority of knowledgeable cattlemen feel that Hope x is the one bull best qualified to turn the Shorthorn industry around. Unanimously named an All-American in 1975, he has again been nominated for 1976. Hope x has been in the winner's circle at every major show. He was Grand Champion Bull at the National Western in Denver, Indiana State Fair, Heart of Illinois Fair, Dixie National, LSU, Fort Worth, Houston, Minnesota State Show, and the State Fair of Oklahoma. He has been reserve grand at the North America Livestock Exposition, American Royal, and the Tulsa State Fair. Need we say more about this tremendous bull!

**GOOD HOPE SILVER PRINCE x** -- We purchased Good Hope Silver Prince x when he was just a young calf in the Canadian International Bull Sale at Brandon, Manitoba, at one of the top-selling prices. He was kept in Manitoba to be shown the following season. He was also shown on his way down through the United States. We took him off the truck at Sedalia, Missouri, and showed him the next day at the Missouri State Fair where he was named Junior Champion Bull. Silver Prince x is an outstanding bull that has done a wonderful job for us. He is almost a 100% dehorner, and we feel that his offspring will say more for him than we can.

**WESTON MR. GLENN x** -- From the famed Weston Shorthorn Herd at Gettysburg, South Dakota. He carries the famous Surprise breeding that has done so well for so many herds in North America. Mr. Glenn x was personally selected by Dr. Martin Nold to be used in our herd. There is performance, weight per-day-of-age, and carcass superiority in this bull's pedigree. Remember that this bull's dam carries the important Research Branch breeding that made the Ernie Esau dispersion such a success. We especially like to use Mr. Glenn x on bred heifers, as he is such an easy calver.
